

HAPPY New Year!

Make 2010 a year to remember!

Happy new year! As we conclude the business of 2009 remember to take a look back at what you've accomplished. Did you get everything done or are you someone who made a lot of resolutions and then never followed through? Either way, this year you're striving to make a change.

What can you do to keep your resolution? Here are some tips:

1. Make a list.
2. Remind yourself of your goal every day until you've achieved it.
3. Have an accountability partner, remember, you can't let that person down.
4. Recognize the minor achievements that help complete the larger goal at hand. For example, don't forget that losing twenty pounds is four smaller achievements of losing five pounds four times.
5. Believe in yourself. You can do it!
